PROGRFM REVIEW Jan 25th, Ron Williams.....ZB2CS DX- Pediton to Gibraltar
by

Doug Loughmiller The 25th of January was the evening that ZB2CS Ron Williams,
WB9KPC gave his program to the Indianapolis Radio Club. A large
group of members and guests were present to see this presentation
of his recent DX-pediton to Gibraltar.

Ron program consisted of slides and discussion concerning the landscape and other
assorted knowledge about Gibraltar " the Rock" along with the usual ham lingo
and inside (Bar) information included.

Ron also reported that he is writing a story concerning his trip which will appear
later in the Saturday Evening Post Magazine. John Baylass from the Magazine
was also present and advised that advance notice will be given to the different
Ham organizations so that this would provide for good public relations story.

This was a totally enjoyable program for novice and old timers alike.

OUR 60th YEAR The Indianapolis Radio Club has been in continuous active meetings
since 1914 and this marks our 60 year as an Amateur Radio Club.
A special program is being planned for the future..old timers night.

Special Questionnaire: Attached is a special question form to up date our records
and ask members especially what programs they wish to have in the
future. Please advise if you know of anyone who can put on an
interesting program for our club. Or if you can yourself.
Bring this form to meeting or mail to Harold McGee W9LZ QTH on form.

Remember : lets help our John Jones Son-In-Law and give General Hospital the
blood donations to help Wesley Alexander.
